THIS IS UNEVALUATED INFORMATION

25X1 During the period 8 - 11 October 1952, two trains with a total of 47 flatcars, 10 converted boxcars and six cars loaded with equipment moved from Wiener Neustadt to the Hungarian border station of Hegyeshalom (P 48/Y 06). Some of the cars were loaded with wooden crates which reportedly contained aircraft. On 14 October a train of 50 cars, type not identified, proceeded from Hegyeshalom to Wiener Neustadt. For security reasons, each of the three trains was strictly guarded and preceded by a locomotive.

25X1  Comment: These train movements may possibly pertain to the already known removal of a SAF fighter regiment from Wiener Neustadt to an undetermined SAF base and its replacement by a SAF bomber regiment.
